Now That You've Heard About
The Cattle Barons' Ball,
 Let Us Introduce

The Celebration Of Life

It's a new feature of the Cattle Barons' Ball, where we honor the memory or life of family members, friends and colleagues who have fought the battle and lost – or who still fight this disease. During the Celebration of Life, lights will be dimmed, special music will be played and we will read the names of the people we honor while their pictures appear on a video created especially for this event.

What is the Celebration Centerpiece?

It's the focal point of the ceremony. Flowers surround a lantern, which will glow and flicker as the Celebration of Life unfolds. A donation of \$250 purchases the Centerpiece, which can be personalized with photos and mementos. It will go home with the person or group who purchases it and seats can be reserved at the same time.

Who do you contact for more information?

Laura Dorsey, our Celebration Chair, can be reached by phone at 941.342.5005 or by email at ldorsey@insigniabank.com. She will be happy to answer any questions.
