

HONORING MARINES BY EDUCATING THEIR CHILDREN

Since 1962, the Marine Corps Scholarship Foundation, through its loyal volunteers and supporters, has opened the doors of higher education to thousands of our country's young people.

The Foundation encourages deserving children of current and former Marines to develop themselves intellectually, spiritually, and physically through a college, vocational, or technical education by providing financial assistance to qualified applicants.

The money to do this is raised locally by events such as The Sarasota/Manatee Golf Tournament & Fund Drive. Since its founding, the Foundation has granted over 26,000 scholarships worth more than \$65 million.

The Marine Corps Scholarship Foundation (MCSF) has embarked on a historic fundraising campaign and continues to increase the annual average award for children of current and former marines. We also award \$30,000 in scholarship assistance to every child of a Marine, or of a Navy Corpsman serving with the Marines, whose parent is killed in the Global War on Terror.
