CARE2TRI FUNDRAISER EVENT

Evie's Tavern Sarasota 1 - 4pm Sat. May 3, 2014

A portion of the proceeds benefits Care2Tri. Care2Tri is a non-profit corporation 501 (c) (3) of caring individuals with the common goal of helping those with disabilities gain a sense of fulfillment by giving them opportunities that they wouldn't otherwise have. Our organization acts as a vessel to include them in the sport of triathlon. In doing so, our goal is to place them in the limelight and give them the respect they deserve as they are the true inspiration and heart of what we do. Secondly, through Care2Tri's promotion of individuals with disabilities, we strive to inspire others to come forward and pursue passions that involve giving back to others in their communities. We encourage them to begin to look outside themselves and become better individuals, which in turn builds better communities and a better world.
